Valued inventory list for consumable items should contain very clear description of each individual item, e.g. cotton sanitary napkins, men cotton shirt, tooth paste and etc. such descriptions are very important because it helps the local customs authorities to determine the import duty which differs from item to item. Therefore, in order to minimize the customs duty on consumable items we suggest to under declaring the items for customs purposes only. Valued inventory list for items intended for temporary import should also be descriptive, e.g. double bed set, wardrobe, dining table with six chairs and etc. Home electrical and electronic appliances should be very clear mentioned along with their serial numbers. It is also suggested to declare the value for items for temporary import.</p> <p>NOTE: Valued inventory lists are purely for customs purposes and therefore the value does not have to be the same as used for insurance purposes. However, it is strictly advised not to enclose the list used to insurance purposes along with the shipping documents. The customs duties for consumables items are charges on CIF value, therefore total CIF should be clearly marked on the valued inventory.</p>
